Where Interest Becomes Inspiration!

Deborah Tan grew up playing classical piano for the past 17 years and she has performed in world-class hotels such as the Fullerton Hotel and Marina Mandarin Hotel. In addition to her passion for music, she has excelled in various competitions like the H2O S-League song-writing competition 2010/11 and NOISE Singapore 2012 Talent Showcase Event. In addition to pursuing her degree in Japanese Studies in the National University of Singapore, she finds that Japanese music is a huge inspiration for her music as she continues to develop her strengths in song-writing, music arrangement and performance.

Rei graduated from Lasalle College of the Arts with a major Jazz Piano. His vast musical experience and knowledge goes way beyond his age. He has garnered strong rapport in the music scene performing actively with a line-up of gigs in the night scene, weddings and corporate functions, and being the arranger at Hark Music, producing soundtracks and composing songs. He has arranged and co-produced the EP of a finalist in Taiwan's Star Search Television Program, the soundtrack for Volkswagen's product launch and was sound-designer and composer for the animation of the launch of One Raffles Place.
